Problemas cotidianos de conducta en la infancia (Spanish Edition) Diego Macià Anton

Esta obra aborda la descripción, evaluación y tratamiento de los problemas de conducta más frecuentes en la infancia, aquellos con los que el psicólogo clínico infantil se encuentra más a menudo como motivo de consulta o demanda de ayuda psicológica. La obra es un instrumento que permite a los padres que acuden a un profesional abordar conjuntamente la intervención con el terapeuta, enseñándoles estrategias de educación positiva para ayudar a sus hijos a cambiar sus conductas problemáticas en su ambiente natural. Así, los padres pueden tratar de resolver por sí solos algunos problemas cotidianos de comportamiento, ya que el aprendizaje de ciertas habilidades les permitiera prevenir o dar solución a estos problemas que, en muchas ocasiones, tienen su origen en el ámbito familiar por no existir una interacción adecuada y positiva con los hijos.
