Turnaround and Beyond: A Hopeful Future for the Small Membership Church Ron Crandall

Since its publication in 1995, Ron Crandall's Turnaround Strategies for the Small Church has become required reading for anyone striving to revitalize the ministry of a small membership congregation. That book was built on extensive interviews and studies conducted in dozens of small membership churches, across several denominations, that had experienced significant turnaround. In a new study Crandall has now returned to those congregations to see what it takes to make the turnaround work over a period of years. Learning much from both the churches who maintained significant growth in numbers and ministry, and those that failed to do so, he offers even more helpful insight to any congregational leader seeking to take a small membership church into a new phase of witness and mission.
