# LTE Backhaul: Planning and Optimization

*Esa Markus Metsälä, Juha T.T. Salmelin*

**LTE Backhaul: Planning and Optimization** Esa Markus Metsälä, Juha T.T. Salmelin

The aim of this book is to enable network planners to realize and maintain cost efficient LTE backhaul networks, which meet the necessary performance requirements. Through an introduction to the technology background, the economical modelling, the dimensioning theory, planning and optimization processes and relevant network management aspects, the reader shall obtain all relevant information to achieve good backhaul results in their own network environment. It is aimed at network planners and other experts with responsibilities for LTE IP network dimensioning, LTE network planning, providing and managing leased lines, business management, LTE IP network operation and optimization.
