## **Il Principe (Italian Edition)** Niccolo Machiavelli

DE PRINCIPATIBUS HEREDITARIIS. [De' principati ereditarii] Io lascerò indietro el ragionare delle repubbliche, perché altra volta ne ragionai a lungo. Volterommi solo al principato, et andrò tessendo li orditi soprascritti, e disputerò come questi principati si possono governare e mantenere. Dico, adunque, che nelli stati ereditarii et assuefatti al sangue del loro principe sono assai minori difficoltà a mantenerli che ne' nuovi; perché basta solo non preterire l'ordine de' sua antinati, e di poi temporeggiare con li accidenti; in modo che, se tale principe è di ordinaria industria, sempre si manterrà nel suo stato, se non è una straordinaria et eccessiva forza che ne lo privi, e privato che ne fia, quantunque di sinistro abbi l'occupatore, lo riacquista. Noi abbiamo in Italia, in exemplis, el duca di Ferrara, il quale non ha retto alli assalti de' Viniziani nello 84, né a quelli di papa Iulio nel 10, per altre cagioni che per essere antiquato in quello dominio. Perché el principe naturale ha minori cagioni e minore necessità di offendere: donde conviene che sia più amato; e se straordinarii vizii non lo fanno odiare, è ragionevole che naturalmente sia benevoluto da' sua. E nella antichità e continuazione del dominio sono spente le memorie e le cagioni delle innovazioni: perché sempre una mutazione lascia lo addentellato per la edificazione dell'altra
