New Testament Theology: An Introduction (Library of Biblical Theology) James D. G. Dunn

In this volume in the Library of Biblical Theology series, James D.G. Dunn ranges widely across the literature of the New Testament to describe the essential elements of the early church's belief and practice. Eschatology, grace, law and gospel, discipleship, Israel and the church, faith and works, and most especially incarnation, atonement, and resurrection; Dunn places these and other themes in conversation with the contemporary church's work of understanding its faith and life in relation to God's self-revelation in Jesus Christ.
