Secrets of the Light: My Search for Revelation

Flora Paul

Secrets of the Light: My Search for Revelation Flora Paul

Secrets of the Light:> Provides the Bible student with fresh insight into the many levels of truth encoded in the Bible.> Provides the Biblical scholar with an abundance of references on Bible interpretation.> Provides everyone with an understanding of how light has been used in the Bible as a metaphor to pass wisdom down through generations who have often not understood its deeper meaning.In Secrets of the Light, author Flora E. Paul first relates how her own evolution of religious understanding brought greater personal peace and fulfillment. She then explores the meaning she has discovered hidden in plain sight within the symbolism used by the Bible. She explains how the same profound truths are being provided to us through many different sources.Secrets of the Light also provides an introduction to Theosophy, an ancient blending of science and religion that gained wide attention early this century as the controversial Madame Blavatsky promoted it around the world. As one of few books examining Theosophy that is not published by the Theosophical Society, it speaks truthfully about differing biblical interpretations within the movement and how they compare with both modern scientific fact and mainstream Christian teachings.
