The Hidden Parables: Activating the Secret of the Gospels Todd Michael

The secret and empowering messages contained within Christ's thirty parables—an astonishing and practical blueprint for the life you are destined for.

In *The Hidden Parables*, Dr. Todd Michael unveils a hidden layer of meaning within the thirty enigmatic parables spoken by Christ that shows that the parables are not a random collection of stories but a *unified system of knowledge*.

This integrated system of knowledge describes how to use the spiritual law of thought forms—of controlled intentions—to create more beneficial, more miraculous circumstances in our personal lives. The information it presents is clear and very useful. Moreover, this system bears an uncanny symmetry with many of today's leading-edge ideas from quantum physics.

In *The Hidden Parables*, the parables are meticulously retranslated, retaining the expressiveness of the original Greek and giving the reader a literal understanding of the words of Jesus. Those aspects of Christ's words that are sometimes considered confounding are freshly revealed for their penetrating insights into human existence and for the hands-on methodology they provide for a greater self-understanding and for leading a more fulfilling life.
