The online *Interactive Resource Center* contains resources tied to the book, such as:

- Interactive Animations highlighting key concepts
- Photo Gallery of architectural precedents illustrated in the book
- Flashcards for focused learning

Architecture: Form, Space, and Order, Fourth Edition is the classic introduction to the basic vocabulary of architectural design, updated with new information on emerging trends and recent developments. This bestselling visual reference helps both students and professionals understand the vocabulary of architectural design by examining how space and form are ordered in the environment.

Essential and timeless, the fundamental elements of space and form still present a challenge to those who crave a deeper understanding. Taking a critical look at the evolution of spaces, *Architecture* distills complex concepts of design into a clear focus that inspires, bringing difficult abstractions to life. The book is illustrated throughout to demonstrate the concepts presented, and show the relationships between fundamental elements of architecture through the ages and across cultures. Topics include:

- Primary elements and the principles of space design
- Form and space, including light, view, openings, and enclosures
- Organization of space, and the elements and relationships of circulation
- Proportion and scale, including proportioning systems and anthropometry

From reader reviews:

Stanley Roman:

Book is to be different for each grade. Book for children until finally adult are different content. As you may know that book is very important for us. The book Architecture: Form, Space, and Order was making you to know about other expertise and of course you can take more information. It is quite advantages for you. The guide Architecture: Form, Space, and Order is not only giving you far more new information but also to be your friend when you truly feel bored. You can spend your spend time to read your reserve. Try to make relationship with all the book Architecture: Form, Space, and Order. You never sense lose out for everything in case you read some books.

Stacey Lawrence:

Reading a guide tends to be new life style in this particular era globalization. With studying you can get a lot of information that could give you benefit in your life. Using book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Many author can inspire their own reader with their story as well as their experience. Not only the storyline that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors nowadays always try to improve their expertise in writing, they also doing some research before they write to their book. One of them is this Architecture: Form, Space, and Order.

Paul Anderson:

The reason why? Because this Architecture: Form, Space, and Order is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will zap you with the secret the idea inside. Reading this book close to it was fantastic author who all write the book in such awesome way makes the content within easier to understand, entertaining means but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of benefits than the other book have such as help improving your expertise and your critical thinking approach. So , still want to delay having that book? If I ended up you I will go to the guide store hurriedly.

Danny Padilla:

Can you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you find out the inside because don't assess book by its handle may doesn't work here is difficult job because you are afraid that the inside maybe not because fantastic as in the outside look likes. Maybe you answer could be Architecture: Form, Space, and Order why because the amazing cover that make you consider in regards to the content will not disappoint you actually. The inside or content is usually fantastic as the outside or even cover. Your reading 6th sense will directly guide you to pick up this book.
