The Cost of Cutting: A Surgeon Reveals the Truth Behind a Multibillion-Dollar Industry Paul A. Ruggieri

Why is surgery so expensive?

Surgeon Paul A. Ruggieri reveals little-known truths about his profession—and the hidden flaws of our healthcare system—in this compelling and troubling account of real patients, real doctors, and how money influences medical decisions behind the scenes. Even many well-informed patients have no idea what may be contributing to the cost of their surgery. With up-to-date research and stories from his practice, Ruggieri shows how business arrangements among hospitals, insurance companies, and surgeons affect who gets treatment—and whether they get the right treatment. Pulling back the curtain from the hospital bed, he explains how to safeguard one's own health (and finances), and how America can make surgery more affordable for all without sacrificing quality care.

Allen Schlemmer:

As a college student, I exactly feel bored to help reading. If their teacher asked them to go to the library or make a summary for some e-book, they are complained. Just minor students that have reading's heart or real their leisure activity. They just do what the instructor wants, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise, word says, ways to reach Chinese's country.
