This report provides guidance and better practice recommendations to the NPS for selecting pavement surfaces to minimize tire-pavement noise. The report contains an overview of common technologies and methods for quieter pavements, descriptions of research and quieter pavement specifications developed by several state agencies, and a directory of state agency noise and materials/pavement engineers. A brief introduction to some of the fundamentals of tire-pavement noise is included in an appendix.

From reader reviews:

Kevin Santiago:

In this time globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of personal references to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher in which print many kinds of book. Often the book that recommended for your requirements is Quieter Pavements Guidance Document this book consist a lot of the information in the condition of this world now. This particular book was represented so why is the world has grown up. The terminology styles that writer value to explain it is easy to understand. Often the writer made some study when he makes this book. That's why this book acceptable all of you.

Vincent Erickson:

Many people spending their time frame by playing outside using friends, fun activity using family or just watching TV all day long. You can have new activity to shell out your whole day by studying a book. Ugh, do you consider reading a book really can hard because you have to use the book everywhere? It alright you can have the e-book, taking everywhere you want in your Cell phone. Like Quieter Pavements Guidance Document which is obtaining the e-book version. So , why not try out this book? Let's notice.

Ernest Pettaway:

Is it anyone who having spare time subsequently spend it whole day by means of watching television programs or just lying down on the bed? Do you need something totally new? This Quieter Pavements Guidance Document can be the solution, oh how comes? A fresh book you know. You are consequently out of date, spending your free time by reading in this completely new era is common not a nerd activity. So what these textbooks have than the others?

Martha Bryant:

Reading a e-book make you to get more knowledge from it. You can take knowledge and information from a book. Book is created or printed or created from each source that will filled update of news. Within this modern era like at this point, many ways to get information are available for an individual. From media social like newspaper, magazines, science guide, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Ready to spend your spare time to open your book? Or just searching for the Quieter Pavements Guidance Document when you essential it?
