"Within the compact area covered by this guide (140km east-west, 65km north-south) are two outstanding national parks in southernmost Poland: Pieniny and Tatra, and the best of neighbouring Slovakia's mountains in four national parks: Tatra, Slovensky Raj (Slovak Paradise), Low Tatra and Mala Fatra. There can be few places where walkers are better catered for: skilfully constructed paths make walking in very rough terrain comparatively easy; signposting and waymarking are almost universally excellent. Hillwalkers will be in their element here, but there are often shorter, easy suggestions for the less hardy - or they can create their own walks from the detailed maps in the book (which show all waymarked routes). In addition, the car tours lead to dozens of short walks and picnic spots, so that even those with little walking experience can make the most of these wonderful mountains. The guide includes five town plans. NBN International
