Preaching Christ from Ecclesiastes: Foundations for Expository Sermons Sidney Greidanus

As Sidney Greidanus points out, the biblical book of Ecclesiastes is especially relevant for our contemporary culture because it confronts such secular enticements as materialism, hedonism, cut-throat competition, and self-sufficiency. But how can preachers best convey the ancient Teacher's message to congregations today?

A respected expert in both hermeneutics and homiletics, Greidanus does preachers a great service here by providing the foundations for a series of expository sermons on Ecclesiastes. He walks students and preachers through the steps from text to sermon for all of the book's fifteen major literary units, explores various ways to move from Ecclesiastes to Jesus Christ in the New Testament, and offers insightful expositions that help the preacher in sermon production but omit the theoretical and often impractical discussions in many commentaries.
