## **Dinosaurs** Various

Though gone from the world for sixty-five million years, dinosaurs live on with mythic power in the human imagination. Here, editor and award-winning anthologist Martin H. Greenberg assembles fourteen classic stories featuring these at once fearsome and awe-inspiring creatures, whose enigmatic and sudden disappearance may account for part of our enduring fascination. Arthur C. Clarke, Ray Bradbury and Isaac Asimov are among the many notables who breathe life back into the dinosaurs in this imaginative collection.
