The first video package, on the theme of getting through everyday life, is titled Most Likely To Survive. What more rock-bottom topic could kick off the series? Kids can have knowledge in some areas, confidence in others, and experience elsewhere...but at the end of the day, many kids still harbor anxiety about co-existence. It's 'feeling a part' vs. 'feeling apart.' Every installment of Highway Visual Curriculum will have a theme. A subtle thread will tie the segments together, treating important themes like self-esteem, grace, discouragement, encouragement, grief, guilt, and forgiveness. Taken together, the segments will present thoughtful -- and thought-provoking -- video statements from many sides in many modes.
