The Incas - The Children of the Sun Telford Groesbeck

Originally published in 1896. The story of the Incas is peculiarly adapted to arouse and interest the imagination of one who has studied it carefully, and who is gifted with poetic instincts. This fascinating early work is extensively illustrated throughout. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
