Utilitarianism

John Stuart Mill

Utilitarianism John Stuart Mill

Philosopher, son of James Mill, born in London, was educated by his father with the view of making him the successor of Bentham and himself, as the exponent of the Utilitarian philosophy. In all respects he proved an apt pupil, and by his 15th year had studied classical literature, logic, political economy, and mathematics. In that year he went to France, where he was under the charge of Sir S. Bentham, a brother of Jeremy. His studies had led him to the adoption of the utilitarian philosophy, and after his return he became acquainted with Grote, the Austins, and other Benthamites.

In 1823 he entered the India House as a clerk, and, like his father, rose to be examiner of Indian correspondence; and, on the dissolution of the Company, retired on a liberal pension. In 1825 he edited Bentham's Rationale of Judicial Evidence. During the following years he was a frequent contributor to Radical journals, and edited the London Review. His Logic appeared in 1843, and produced a profound impression; and in 1848 he published Principles of Political Economy. The years between 1858 and 1865 were very productive, his treatises on Liberty, Utilitarianism, Representative Government, and his Examination of Sir W. Hamilton's Philosophy being published during this period. In 1865 he entered the House of Commons as one of the members for Westminster, where, though highly respected, he made no great mark. After this political parenthesis he returned to his literary pursuits, and wrote The Subjection of Women [1869], The Irish Land Question [1870], and an Autobiography. Mill had married in 1851 Mrs. Taylor, for whom he showed an extraordinary devotion, and whom he survived for 15 years. He died at Avignon.

His Autobiography gives a singular, and in some respects painful account of the methods and views of his father in his education. Though remaining all his life an adherent of the utilitarian philosophy, Mill did not transmit it to his disciples altogether unmodified, but, finding it too narrow and rigid for his own intellectual and moral requirements, devoted himself to widening it, and infusing into it a certain element of idealism.

From reader reviews:

Ward Bishop:

This Utilitarianism is great publication for you because the content which is full of information for you who all always deal with world and possess to make decision every minute. This specific book reveal it info accurately using great coordinate word or we can claim no rambling sentences in it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only will give you straight forward sentences but tricky core information with beautiful delivering sentences. Having Utilitarianism in your hand like having the world in your arm, details in it is not ridiculous just one. We can say that no e-book that offer you world with ten or fifteen tiny right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. occupied do you still doubt that will?

Joyce Cannon:

Reading a book to become new life style in this year; every people loves to examine a book. When you go through a book you can get a lot of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, such us novel, comics, as well as soon. The Utilitarianism offer you a new experience in studying a book.

Heather Lanham:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many issue for the book? But virtually any people feel that they enjoy with regard to reading. Some people likes reading through, not only science book and also novel and Utilitarianism as well as others sources were given information for you. After you know how the good a book, you feel need to read more and more. Science e-book was created for teacher as well as students especially. Those books are helping them to put their knowledge. In various other case, beside science guide, any other book likes Utilitarianism to make your spare time more colorful. Many types of book like this one.

Mathew Holstein:

As a pupil exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Utilitarianism can make you experience more interested to read.
