## El juego de la vida (Spanish Edition) Jaime Soto

La Economía, en tiempos de crisis, puede dar respuestas más allá de los negocios y los indicadores macro o micro económicos. En *El juego de la vida*, su autor, el empresario y profesor universitario Jaime Soto, incursiona en la Moral y la Filosofía para «redescubrir» una verdad incuestionable: la naturaleza social de todos los intercambios entre las personas. El anhelado bienestar sólo sería posible cuando es común, y con esto da por superado el individualismo imperante en estos días. Es una suerte de «Postneoliberalismo», ya que no propone rupturas radicales, sino una transformación íntima de cada individuo y de la sociedad que habita. El recurso literario de la Utopía le ayuda a aclarar sus ideas: el texto habla de un tiempo ideal, en que ya se vive plenamente el prodigio de la Economía del Bienestar, cuando toda la gente realice sus aptitudes sin atropellar al resto. ¿Será profético su ingenio? Para Jaime Soto, habría señales positivas.
