**Faith 7: Gordon Cooper Jr.: The Final Mercury Mission (Springer Praxis Books)** Colin Burgess

This book celebrates the final spaceflight in the Mercury series, flown by NASA astronaut Gordon Cooper, who led an adventurous life in the cockpit of airplanes and spacecraft alike, and on his Mercury mission he became the last American ever to rocket into space alone. He flew in the Mercury and Gemini programs and served as head of flight crew operations in both the Apollo and Skylab programs.

Based on extensive research and first-person interviews, this is a complete history of the Faith 7 flight and its astronaut. Cooper later gained notoriety following the release of the movie, *The Right Stuff*, in which he was depicted by Dennis Quaid, but Burgess discovers there was even more drama to his story. It completes the "Pioneers in Early Spaceflight" subseries in fitting fashion.
