On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games

Gary Belsky, Neil Fine

On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games Gary Belsky, Neil Fine

“A book this informative has no right to be this much fun. *On the Origins of Sports* is a winner.”

—Dan Okrent, founder, Rotisserie Baseball

On the Origins of Sports is an illustrated book built around the original rules of 21 of the world's most popular sports, from football and soccer to wrestling and mixed martial arts. Never before have the original rules for these sports coexisted in one volume. Brimming with history and miscellany, it is the ultimate sports book for the thinking man.

Each sport's chapter includes a short history, the sport's original rules, and a deeper look into an element of the sport, such as the evolution of the baseball glove; sports with war roots; a compendium of sports balls; and iconic sports trophies.

Written by *ESPN The Magazine's* former editor in chief, Gary Belsky, and executive editor, Neil Fine, and filled with period-style line drawings in a handsome package, *On the Origins of Sports* is a book that sports fans and history buffs alike will want to display on their coffee tables, showcase on their bookshelves, and treasure for generations.

From reader reviews:

Troy Ethridge:

The book *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games* can give more knowledge and information about everything you want. Exactly why must we leave the best thing like a book *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games*? Several of you have a different opinion about e-book. But one aim in which book can give many details for us. It is absolutely suitable. Right now, try to closer with your book. Knowledge or details that you take for that, you are able to give for each other; you can share all of these. Book *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games* has simple shape however you know: it has great and large function for you. You can look the enormous world by open up and read a guide. So it is very wonderful.

Shawn Proctor:

What do you in relation to book? It is not important along? Or just adding material if you want something to explain what you problem? How about your spare time? Or are you busy man? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everyone has many questions above. The doctor has to answer that question since just their can do this. It said that about book. Book is familiar in each person. Yes, it is correct. Because start from on pre-school until university need this *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games* to read.

Kurt Chapman:

Information is provisions for people to get better life, information today can get by anyone on everywhere. The information can be a understanding or any news even a problem. What people must be consider if those information which is within the former life are hard to be find than now is taking seriously which one is appropriate to believe or which one the resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen in you if you take *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games* as the daily resource information.

Eddie Patten:

Why? Because this *On the Origins of Sports: The Early History and Original Rules of Everybody's Favorite Games* is an unordinary book that the inside of the guide waiting for you to snap this but latter it will zap you with the secret the item inside. Reading this book close to it was fantastic author who write the book in such awesome way makes the content on the inside easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of positive aspects than the other book have got such as help

improving your ability and your critical thinking method. So , still want to hesitate having that book? If I were you I will go to the book store hurriedly.
