The Art of IT Management: Practical tools, techniques and people skills Robina Chatham

Being an IT manager for the first time can be daunting. With a focus on practical advice, this book will provide you with hints, tips and examples from the world of IT management, showing you that management is about people rather than process; it is an art rather than a science.

All the stories you will read in this book are true; all the advice has been personally tried and tested; all the tools and techniques have been applied by other aspiring leaders with positive results.

From reader reviews:

Belinda Timmer:

Book will be written, printed, or illustrated for everything. You can understand everything you want by a book. Book has a different type. To be sure that book is important factor to bring us around the world. Beside that you can your reading proficiency was fluently. A reserve The Art of IT Management: Practical tools, techniques and people skills will make you to always be smarter. You can feel more confidence if you can know about every thing. But some of you think this open or reading any book make you bored. It is far from make you fun. Why they can be thought like that? Have you in search of best book or ideal book with you?

Lillian Carlucci:

As people who live in typically the modest era should be change about what going on or data even knowledge to make these people keep up with the era and that is always change and move forward. Some of you maybe can update themselves by reading books. It is a good choice for you but the problems coming to anyone is you don't know which you should start with. This The Art of IT Management: Practical tools, techniques and people skills is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and wish in this era.

Edna Barnett:

People live in this new day time of lifestyle always try to and must have the spare time or they will get lot of stress from both daily life and work. So , whenever we ask do people have free time, we will say absolutely of course. People is human not just a robot. Then we consult again, what kind of activity are there when the spare time coming to you actually of course your answer will probably unlimited right. Then do you try this one, reading guides. It can be your alternative within spending your spare time, the particular book you have read is actually The Art of IT Management: Practical tools, techniques and people skills.

Ruby Chartrand:

Your reading 6th sense will not betray an individual, why because this The Art of IT Management: Practical tools, techniques and people skills guide written by well-known writer who knows well how to make book that could be understand by anyone who else read the book. Written throughout good manner for you, dripping every ideas and composing skill only for eliminate your own hunger then you still hesitation The Art of IT Management: Practical tools, techniques and people skills as good book not merely by the cover but also by content. This is one reserve that can break don't judge book by its cover, so do you still needing one more sixth sense to pick this kind of!? Oh come on your reading through sixth sense already said so why you have to listening to a different sixth sense.
